The Chosen Few celebrates its first year and new members in exceptional style Like 0

This past Thursday, Harriette Rose Katz hosted the one year anniversary party for **The Chosen Few**, an elite society of event professionals that she spearheads, at **Le Cirque** in Midtown Manhattan. Guests at the event enjoyed cocktails, small bites, and a performance by jazz band The Sugar Daddies. The Chosen Few strives to promote excellence, cultivate artistry, and maintain the highest standards of professionalism. Members of this society must consistently engage in the pursuit of excellence, maintaining and continuing their education in the industry, and setting measures to ensure those requirements are met.

At the event, Harriette briefly spoke about how proud she is of the Chosen Few and how she's excited about the group's future. She also inducted five new members into the society, and each of them was given a medal and a plaque for their unparalleled creativity in the event industry. The 2015 inductees included Hart Pictures, Anthony Taccetta Event Design, Natural Expressions NY, Generation Events and Pat Glenn Productions' P&G Floral. The Chosen Few gives out awards based on creativity, integrity, excellence and financial well-being.
